

ENVIRONMENTAL POLICY 2025

Kvasir Group Ltd is a marine and offshore electrical services, repair and installation company and we recognise and accept our responsibility to minimise where practicable the impact of our activities on the environment at all work locations / sites whether they be our own or an interested party.

The key points of the strategy to achieve this are:

- Abide by all customer / site procedures.
- Minimise waste by evaluating operations and ensuring they are executed efficiently as possible.
- All waste will be deposited in allocated containers for specific types of waste, when on site as per customer directives.
- Manage our use of utility supplies efficiently.
- Operate and maintain our company vehicles to enable their efficient use as far as practicable with regards to environmental issues.
- Compliance with the environmental legislation that relates to the Company's activities.
- Actively promote recycling.
- Educate staff to comply with and raise their awareness of environmental requirements / issues / responsibilities enlisting their support in improving the Company's performance.
- Use recycled materials where/when practicable.
- Review our policy annually.

For and on behalf of Kvasir Group Ltd
